Yes please!

Oh ok, I think we have been told to only summons the second chemist, the confirmation one, within our office.
I will forward this to all the jury ADAs today.
Thank you!

Hey Megan,

Do you need a discovery for this case? I can send it by next week.

FYI: Please note that all discovery request should be addressed to either the custodial chemist (first name listed on the assistant analyst line) or both chemists on the Cert. We are advising ADAs to always summons both chemist for each case. The reason is basically communication within the Lab and between the chemists.
